It will do Washing, Starching and Wring-ing.

It will do Washing, Starching and Wringing.

THIS machine has been thoroughly tested for the list six metaths, and found to do all that it was designed to do it is amispled to all kinds of clothes, from a peach hardkerchief to a beel quilt. You can wring your clothes in less than one quarter of the time, and so much affect they will dry in one half the time, and so much affect your clothes one half as much as when tested by hand. This mention is farmed with two spring role covered with rubber, and so constructed as to run fogether with great pressure, and turn hast and may. The springs in the sale are so constructed as to yield the most in the centre, where the bulk of the clothes are considered as they pass believes them. By this means the springs will the rubber come so tight around the rolling active they come through nearly dry amount to leave the test of the pressure. The clothes washed by this machine will require no rubbing except the dirtlest parts, such as colars and wriststands, which will require but a highly rub with the hands.

The machine is listing's patent, and the pathercher has bought the right of manufacture and sale for Whallann and The machine is Balley's patent, are complete the right of manufacture and sale for Whislman and Sindsor counties. Price \$12.09 A. S. CLARK.
